SAME Engineering and Construction Camp US Marine Experience

It was an educational and exciting camp experience for Haley Brown who was selected to attend the US Marine Corps/ SAME Camp from June 17 to 23. Thanks to Jacksonville Post members' support of scholarship raising events, we are helping to inspire future engineers.

I would like to thank the Jacksonville Post of SAME for allowing me to attend the USMC Engineer Camp at Camp LeJeune. The Society of American Military Engineers proved to be an experience like no other. This camp cemented my decision for a career in engineering. The squad leader and mentors were truly inspirational, dedicated, and knowledgeable. The varied hands-on projects interested me and challenged me more than any other activity I have previously done. I especially enjoyed designing and constructing the cardboard amphibious assault vehicle specifically because of my love for the water and engineering put-together. I would recommend this camp to any future students interested in engineering or math. Thank you.

Haley Brown

Come out to CMAA's Free Evening Social on Sept 5

The Construction Management Association of America (CMAA) is hosting an informal Evening Social on September 5, 2012 from 5:30 pm - 7:30 pm at Latitude 30. No cost to attend and free appetizers will be provided. No sign-up required, just come out and join us. For those interested, CMAA members will be available to discuss this association and its purpose.

CMAA has a national partnership with SAME. People interested in SAME should also come out as we'll have SAME members attending as well.
