## Topic

JEA's Initiatives and Capital Improvements Program

## Speaker

**PAUL MCELROY**, Interim  
Managing Director/CEO, JEA

## Summary

Located in Jacksonville, JEA is a community-owned utility that proudly serves an estimated 478,000 electric, 357,000 water, 279,000 sewer and 15,000 reclaimed water customers. JEA's CEO, Paul McElroy, will provide an overview of JEA's current infrastructure and discuss current initiatives for this large utility. He will also discuss capital improvements spending and future projections for their electric, water and wastewater systems.
